WORK EXPERIENCE

2016 .NET Web Application Developer Coder Foundry Charlotte, NC

- Created a personal portfolio website with a blog using C#, MVC5, and JavaScript. Design and developed front-end using HTML5, Twitter Bootstrap, and MVC model binding with Razor. Included secure log-in and blog web interface with user comments. Presented programming exercises and code snippets using JavaScript.
- Created a fully functional MVC bug tracker web application from scratch. Handled secure file upload functionality for approved file types. Implemented code first database with user- and role-level security. Database interaction done through LINQ to Entity framework
- Created a fully functioning WebAPI car finder web application from scratch. Composed dynamic, responsive front-end design using AngularJS, HTML5, and Twitter Bootstrap. Accessed NHTSA's car recalls database using provided WebAPI to show car recalls. Included images using Bing's WebAPI. Accessed the car database through stored procedures written in SQL.
- Created a fully functional financial portal web application using WebAPI and AngularJS technologies. Implemented token-based authorization and security. Managed routing using UI.route. Accessed database through LINQ to Entity framework.

2007 to 2016 Service Tech Joerns Healthcare Charlotte, NC

- Provide technical service of specialized wound care, bariatric, and safe patient handling medical equipment and therapeutic solutions to hospitals, nursing homes and in home patients
- Troubleshooting, repair, and calibration of electronic bio-medical equipment
- In-house training of hospital and other health care providers on proper use of specialized wound care equipment and therapies

2005 to 2007 Owner/Operations Manager Premier Tub & Tile Salisbury, NC

- Achieved profitability of this start-up business in 3 months.
- Generated new sales by prospecting through networking and targeted marketing activities
- Prepared proposals and won new business while managing a team of sub-contractors
- Maintained accurate financial records and financial statements for reporting and tax purposes

2002 to 2005 Youth Counselor Excel Personal Development Charlotte, NC

- Provided supportive counseling to at risk children and adolescents and helped them build strong social skills and better communication skills
- Provide structured and therapeutic activities that enabled my clients function independently in the community
- Provided conflict resolution and anger management training helping clients learn to handle anger and conflicts by redirecting emotional behaviors and developing coping skills through emotional support
